

Edgar Jr. Dollesin (Zoom)

Nov 30, 2022, 21:38 MST

Hi WH2022,

Thanks for the screenshot.

Could you please run the CleanZoom application in the attachments, and then restart your computer when it's finished?

Once done restarting please visit this link <https://zoom.us/support/download> this will automatically download the newest version for you.

Please install this version once downloaded.

Thanks,
Edgar
